PROFILE

Performance-driven Full-Stack Web Developer and professional UI/UX Designer with a track record of crafting clean, highly functional applications since 2020. Specializing in responsive front-end layouts, digital content strategy, and back-end integration. Dedicated to writing clean code and creating intuitive interfaces that deliver speed, seamless interactivity, and measurable value.

EXPERIENCE

2023 — Present

Lead Full-Stack Developer & UI Designer
Independent Contractor / Freelance

Architecting full-stack web applications prioritizing responsive front-end fidelity and fast layout performance. Delivering high-impact UI components and optimized digital content frameworks tailored to client conversion goals.

2020 — 2023

Front-End Developer & Content Strategist
Digital Media & Web Projects

Developed production-ready interactive assets using HTML5, CSS3, and JavaScript. Engineered custom visual structures and built interface mockups focusing closely on cross-device compatibility and clean asset management.
